FROM

THE STATE COUNCIL,
TONK.

To

HIS HIGHNESS AMIN-UD-DOWLA WAZIR-UL-MULK
NAWAB SIR HAFIZ MOHAMED IBRAHIM ALI KHAN
SAHEB BAHADUR SOWLA TE-JANG, G.C.I.E, G.C.S.I.
THE NAWAB OF TONK STATE,
TONK.

Dated Tonk, the ————— 19

YOUR HIGHNESS,

We have the honour to submit herewith the Annual Administration
Report of the Tonk State for the year 1320 Fasli, corresponding to
1912-13 A.D. .

We beg to remain,
YOUR HIGHNESS,
Your most obedient Servants,

Members of the State Council, Tonk.

ANNUAL REPORT
ON THE
ADMINISTRATION OF THE TONK STATE
FOR THE YEAR 1320 FASLI.

CHAPTER I.

GENERAL AND POLITICAL.

1. The total area of the Tonk State is 1,649,940 acres equivalent to 2578 square miles nearly as in the previous years and the total population according to the Census of 1911 is 302,922 souls. The State does not pay any tribute to the British Government or to any other native State in India.

2. The full name and title of the ruler of this State is Aminud-dowla, Wazirul-mulk, Nawab, Sir Hafiz Mohommed Ibrahim Ali Khan Subeh Bahadur Sowlet-e-Jang G.C.S.I. G.C.I.E. His Highness belongs to the Saharzaie clan of the Bonerwal Pathans and is a great grandson of the famous leader of the Pindaries, the late Amir-ud-dowla Nawab Mohommed Amir Khan, whose name will be commemorated in history as the founder of this State in the heart of Rajputana.

His Highness is about 66 years of age and has been generally keeping good health during the year under report.

His Highness has got 9 sons and 11 daughters alive. The eldest son Sahibzada Mohommed Abdul Hafiz Khan Bahadur has been keeping good health during the year. He is related by marriage to the daughter of Azamul-Umara, Vikarul-mulk, Sahibzada Mohommed Ishaq Khan Bahadur, Sitwat-e-Jang Jagirdar of Indoda and brother to His Highness.

Sahibzada Mohommed Abdul Hafiz Khan has got a son who is also in good health.

Notable events.

3. It is gratifying to remark that during the year under report His Excellency the Viceroy and the Governor-General of India condescended to pay a brief visit to Tonk on 21st November 1912 and expressed his great satisfaction to hear of the remissions of arrears of revenue announced by H.H. in honour of the great visit.

The Residency Surgeon at Gwalior paid a visit to the Sironj Pargana of this State during January 1913.

The Residency Surgeon as well as the State Engineer of Jaipur State visited Tonk in February 1913.

Major Cook of Central Horse Goona visited Sironj for sporting purposes during August 1913.

The Tonk State was also honoured by a visit of the Honorable The Agent to the Governor-General in Rajputana during October 1913.

Visits.

4. His Highness visited the Sironj Pargana of the Tonk State from 14th December 1912 to 31st January 1913. He also made a tour in the villages of the Tonk and Aligarh Parganas from 7th to 13th and from 25th to 27th October 1913 respectively to inspect and investigate the condition of his subjects accompanied by Rai Bahadur Lala Moti Lal, Revenue and Financial Member, State Council, Tonk.

Personnel of the Administration Vide Appendix No. 1

5. Khan Shib Asghar Ali Khan Nazim of the Aligarh Pargana was transferred to Pirawa in February 1913 and Moulvi Aslehuddin Nazim was sent in his place from Chhabra who took over charge of the Aligarh Pargana on 12th February 1913.

Syed Saiduddin, Naib Nazim of Sironj was appointed as Nazim of

Chhabra while Moulvi Saidud- din Assistant to-the Revenue Member was appointed Nazim of Nimbabera. The services of Mohommed Moula Bux B.A. Forest Superintendent were dispensed with during the year under report.

CHAPTER II.

Administration of land.

6. The land revenue was realised according to the Assessment of the last settlement revised by Mr. Tucker. The new assessments have not yet been annouced.

7. The work of the revision of settlement is still in progress the details of which are given in the note of the Settlement Officer in Tonk and Sirohi States. (Vide Appx. A.)

Jagir.

8. The following new Jagirs were granted during the year:—

(1.) To wife of Sahibzada Abdul Shakur Khan—village Khatmana and Begumpura in Tonk Pargana in exchange of villages Jawaly and Ibrahim-pura resumed.

(2.) To Sahibzada Abdul Wahid Khan and Mohommed Musood Ali Khan—village Sonwa together with its hamlets in the Tonk Pargana.

(3.) To Sahibzada Iftikhar Ali Khan—village Banwara and Anwar Nagar.

(4.) To Sahibzada Usman Ali Khan—villages Arnia Mal, Abas Khara and Amirpura.

(5.) To Sahibzada Mohommed Abdul Hafeez Khan Bahadur—village Peeplu in the Tonk Pargana.

(6.) To Sahibzada Mohommed Saadat Ali Khan—village Mendwas with its hamlets.

(7.) To Sahibzada Mohommed Hanif Khan—villages Jhirana and

Sowla in exchange of villages Bhiloda and Chandkhara in the Nimbahera Pargana and half of Wazirpura in the Aligarh Pargana.

(8.) To Sahibzada Abdulla Khan—villages Rohat, Usmanpura and Jhandwa in the Aligarh Pargana.

(9.) To Sahibzada Mohommed Abdul Alim Khan—villages Shob and Manoherpura in lieu of his cash allowance.

(10.) To Moulana Gul Hasan, Pir of H.H.—village Ali Nagar in the Sironj Pargana.

Resumption of Jagir.

(9.) Villages Jawali and Ibrahimpura in the Tonk Pargana, the half of Wazirpura in Aligarh and Bhilouda and Chandkhara in the Nimbahera Pargana were resumed during the year under report as stated above.

Boundary dispute.

(10.) No boundary dispute was settled during the year.

Taccavi.

(11.) No taccavi advance was made during the year under report.

Land Revenue.

(12.) The land revenue realised during the year was Rs 10,07,810/- against the budgetted amount of Rs 10,09,370/-. Rai Bahadur Lala Moti Lal deserves every credit for the excellent supervision of realization.

(13.) The following Table shows the actual and percentages of annual recoveries against the demand from 1306 Fasli (when Mr. Tucker's assessment were introduced) down to the year under report.

Year.	Demand.	Realisation.	Percentage.	Remarks.
1306	8,57,946	7,57,057	88	
1307	8,24,982	3,28,424	40	Famine year.

1308	8,17,397	6,41,957	79	
1309	8,20,460	5,20,083	63	
1310	8,42,122	7,35,347	87	
1311	7,93,551	6,99,883	88	
1312	7,83,979	6,57,379	84	
1313	8,33,075	5,28,881	64	Bad year.
1314	7,97,010	7,28,254	91	
1315	6,46,927	7,58,712	117	The income was under estimated owing to failure of rains but afterwards the condition improved very much and hence good realisations
1316	8,42,921	8,81,080	105	
1317	9,89,648	10,75,337	109	
1318	10,07,312	9,97,372	99	
1319	10,19,962	10,15,165	100	
1320	10,09,370	10,07,810	100	

CHAPTER III.

PROTECTION.

Legislation.

(14.) The State has its own laws to administer its affairs. Help is however taken from Laws and regulations in force in British India (Vide Appendix II)

Reforms have now and then been suggested in the laws to regulate the working of the State Courts. The chief event deserving of special notice, in the year under report was the introduction of the Law of Stamp which aims at the removal of many and diverse complaints.

Military Force

(15.) The total strength of the State Forces and the cost incurred on its behalf as also the details of dismissals and new recruitments made during the year are given in Appendix III.

Towards the close of the year the total No. of men in the army was 1771 as in the previous year. The expenditure on the maintenance of military force in the State rose to Rs 1,95,468/- against Rs 1,68,260 /12/- of the preceding year due to the increase in salaries to the amount of Rs 2,300/- per mensem.

The Husaini Battalion is armed with 773 Muzzle loading guns and 12 bayonets while the rest of the forces are partly armed with antique match locks and partly with muzzle loading guns but by constant use they have all been rendered quite unserviceable.

The State forces are mainly employed on watch and ward duties at the Head quarters as well as in the outlying Parganas.

Pensioned Subedars Nur Khan and Rewat Singh continued to instruct drill to the State forces as in last year.

Sahibzada Muhammad Abdul Mun-im Khan has been pushing forward to introduce reforms as to the discipline and efficiency of the State forces and much is expected of this young and energetic officer in future.

Police.

(16.) Appendix IV would show that the total strength of the Police during the year under report was 950 against 959 of the last year and the total expenditure on its behalf was Rs 79,953/- against Rs 79,937/- of the preceding year. Punishments during the year were 78 dismissed against 63; 119 fined degraded or suspended departmentally against 68 and 3 convicted in the Court against 5 of the last year. 188 persons of the Police Staff can read and write fairly.

Appendix V shows that during the year the Police arrested 466 prisoners and sent up 403 for trial of which 193 were convicted, 114 were acquitted or discharged leaving 96 under trial at the close of the year. The percentage of successful prosecutions was 48 against 68 of the last year.

The causes of decrease are being investigated by the Superintendent of Police personally.

Appendix VI. shows that the amount of stolen property during the year was Rs 26,165/13/- against Rs 23,475/9/10- of the last year and that of recovered was Rs 19,933/11/- against Rs 21,779/-/6 The percentage of the recovered property is 76 against 92 of the previous year.

The Police force at the headquarters regularly undergoes training under the pensioned Subedar Noor Khan of the 42nd Deoli Regiment. The force is properly uniformed and is armed with swords and old country made guns. Fifty Snider rifles received from the Government of India during the past years are still in possession of the Police force.

The ratio of the Regular Police to the total population of the State stands at 1: 316 souls and that to the area of the State at 1: 2.7 square miles.

It is gratifying to note that the Superintendent of Police has been successful in making an agreement with the Kotah Police in regard to the arrest and reciprocal surrender of the vagrant Kanjars found on the borders of the Chhabra Pargana and the Kotah State who were a constant source of trouble to either State and it is hoped that this will go a great way towards minimising the longstanding complaints of border crime and lawlessness.

The strict supervision exercised by the Superintendent of Police resulted in appreciably raising the morality of the force and there was consequently a satisfactory increase in the number of rewards earned by the members of the force both in money and by promotion.

The criminal classes residing in the State continued to be kept under comparatively efficient control.

Village Police.

(17.) There are no regular village Police in the State but their duties are performed by the village menials called Choykidars in Tonk, Aligarh,

Nimbahera and Pirawa and Khuntias in Sironj and Chhabra. They are held responsible for the offences committed within their jurisdiction so far as to report the offences to the nearest Police Officer, or to help in tracing and arresting the miscreants or to make good the property stolen. To remunerate their services they are either paid in cash or Muafi lands.

Criminal Justice

(18.) Appendix VIII. shows that the total number of criminal cases reported during the year is 1,567 when compared with 1,499 of the last year showing an increase of 68 cases. The number of persons tried was 3,083 against 3,350 showing a decrease of 267 of the last year, while the number of persons remaining under trial at the end of the year under review was 234 compared with 153 of the previous year. The increase is due to some petty cases having being left undisposed at the end of the year. Apparently the year of scarcity seems to be the chief cause of increase. The result on the whole is satisfactory.

Criminal Appeals.

(19.) Appendix IX. shows that out of the total number of 1,567 cases reported during the year 210 appeals were filed showing a decrease of 28 when compared with the last year. Of these sentences were confirmed in 137, modified in 31, cancelled in 20 cases, remanded for further enquiry in 7. The number of cases remaining undisposed of at the end of year under report was 15 which is not high when taken into consideration the total number of appeals brought before the court in addition to Civil appeals and a good deal of miscellaneous and administrative business of the worthy Judicial Member.

Civil Original

(20.) Appendix X. shows that there were 1,858 original suits instituted

during the year against 1,666 of the previous year. Of these 1,653 were disposed of as against 1,551 in the last year leaving a balance of 205 cases pending against 115 of the last year. This shows that there was an increase of 192 cases in the institution and that of 102 in the disposal. There was also an increase of 90 cases left pending at the close of the year when compared with the figures of the last year.

Execution of Decrees.

(21.) Appendix XI. would show that there were 1,212 applications for execution of decrees against 1,131 of the last year. Of these 1,024 against 975 were disposed of leaving a balance of 188 pending against 156. These figures when compared with the previous year show an increase of 81 in the number of applications for execution and that of 49 in the disposal. The total amount claimed in execution in the year under report was Rs 1,34,289 of which the claims for Rs 1,02,344 were disposed of leaving a balance of claims amounting to Rs 31,945. This shows an increase of Rs 8,548 when compared with last year. The disposal of the Civil business is therefore satisfactory.

Appellate Court.

(22.) Appendix XII. shows that there were 222 civil appeals against decrees and orders of the Lower Court of which 133 were confirmed, 30 were reversed, 10 were amended, 12 remanded for, retrial 4 were compromised or otherwise disposed of leaving a balance of 33 at the close of the year. These figure compare favorably with those of the last year and speak very highly about the Judicial Member.

Mohammadan Law Courts.

(23.) There are four Mohammadan Law Courts in the Tonk State

where cases concerning Dower, Marriage, Inheritance, Gift, Divorce, Endowments etc. are instituted and disposed of according to Mohamudan Law. The Mohammadan Law Court in the Saddar is composed of a Jury of five Mufties who expound the Mohamudan Law in cases brought before them but in the other three Parganas only one Muftie disposes of cases instituted before him.

Appendix XIV. (b) shows that 574 cases against 727 were instituted during the year under report. Of these 467 were disposed of leaving a balance of 107 cases pending at the close of the year. Legal opinion (Fatwas) of the Mufties was asked in 323 cases by the outsiders compared with 245 of the last year. The legal opinion was furnished in 309 questions leaving a balance of 14 at the end of the year. From this it would appear that the exposition of the Mohammadan Law by the Mufties of Tonk is appreciated throughout India. The working of the Mohammadan Law Courts is satisfactory.

Registration.

(24.) Appendix XIV shows that during the year under report 295 documents were presented for registration as against 219 in the previous year showing an increase of 77. This increase seems due to the interest taken by the officials concerned in the discharge of their duties as also the appreciation of the benefits of the Law of Registration by the public.

Appendix XV shows that the Registration fee realised during the year under report amounted to Re- 774/. against Re-159/. showing an increase of Re- 315/. of the previous year. One half of this amount viz Re- 387/. was given to the Registration clerks as usual and the balance was credited into the State Treasury.

(25.) The Law of Stamp has also been introduced in the State and it is believed that the Stamp and Registration Laws will be of much value to facilitate the working of the Civil Court and the rights of people are sure to better secured.

Council.

(26.) There were 58 cases for disposal. Of these 35 were disposed of. Decisions of the lower courts were confirmed in 19 reversed in 12 amended in 3 and compromised in 1.

His Highness' Vernacular Office.

(27.) Appendix XII. shows that 20 appeals were preferred during the year under review and 15 were pending from last year making a total of 35 for disposal. Out of these 33 were disposed of and 2 remained pending at the close of the year.

Sentences of the lower courts were confirmed in 17 and compromised or otherwise disposed of in 1.

The value of property involved in appeals amounted to Rs 49,743/8/ against Rs 1,006/12/9. in the last year.

Jails.

(28.) Besides the Central Jail at the Headquarters there are jails at each of the outlying parganas for short term prisoners with the exception of Aligarh.

Sahibzada Muhammad Abdul Hamid Khan, Assistant to the Home Member continued in charge of the Jail administration throughout the year.

The general health and physique of prisoners was good and the low number of deaths among the increased population of prisoners as compared with the figures of the past years testify to the good work of the Superintendent of Jails. There were two deaths in all, one in the Suddar Jail at Tonk and the other in Pirawa jail during the year against 9 of the last year. Of these the former was due to remittant fever and the other to Malaria.

During the epidemic of Chhabra in Tonk only one death occurred in the Central Jail. But as there was a danger of infection there all quarters were infected and all the prisoners were inoculated and fresh arrivals were segregated and inoculated before their admission into the Jail.

There was one escape of a female prisoner from the jail at Nimbahera during the year but she was rearrested soon after.

The Sudder Jail Factory continues as usual to turn out good work. Darries, Carpets, Newar, Cloth suitable for wearing apparel etc. are manufactured in this factory. Jail made Numdas (Felt rugs) retained their reputation in the outside markets and there was a large demand for them.

The total amount of expenditure incurred was Rs 2,818 /13/- whereas the actual income brought in by the sale of jail made articles amounted to Rs 3,598. The net gain therefore is Rs 780/- exclusive of the sum of Rs 552/5/10 which remained unrealised during the year. Efforts are being made to increase the income on this account.

Municipal Administration.

(29.) As stated in the previous year's report there is a Municipal Committee at the Headquarters of each Pargana which looks after the sanitation and lighting of the town. Receipts and expenditure of each of the Municipalities are given in the appendix XVI.

There was an outbreak of cholera in the city which lasted from June to August 1913. 601 seizures were reported and of these 498 resulted in death. All precautions and measures necessary to check advance of epidemic recommended by the State Surgeon were carried out by the Municipal authorities and more attention given to sanitation, cleaning of wells and free distribution of medicines in the streets.

Abdul Rahim Khan, Superintendent of Committee, worked well during the year under supervision of Revenue and Financial Member (Rai Bahadur Lala Moti Lal.)

CHAPTER IV.

PRODUCTION AND DISTRIBUTION.

Weather and Crop.

(30.) The following figures indicate the total amount of rainfall during the year under report as compared with the average for the preceding five years..

Name of Pargana.	Total rainfall during the year.	Quinquennial average.
Tonk 	33.27	24.28
Aligarh 	27.8	27.60
Nimbahera ...	20.38	20.58
Chhabra 	40.7	31.1
Pirawa 	30.30	29.20
Sironj 	34.36	36.99

The above figures indicate that rainfall during the year under report was good it was also evenly distributed. No damage was done to crop and the growth of grass was good all over the State.

Live stock.

(31.) The condition of cattle was good throughout the State and no cattle diseases of any description were reported.

FORESTS.

(32.) The total area of land under the Forest Administration was 1,75,965 bighas equivalent to 171.8 square miles nearly. Out of this a plot of 1,000 bighas comprisng the area of Sohela Reserve was excluded from the Forest area and given over as Jagir to wife of Sahibzada Mohammad Atiq Khan.

No new area was afforested during the year.

The chief products of the Forest are:—

- I. Timber: e. g. Teak, Sissoo, Bija, Mango, Imli, Kher, Saj
Tinsa, Nim, Mahowa, Tendoo, Semal and Babool,
- II. Fuel:— wood and charcoal.
- III. Bamboo.
- IV. Grasses:— (a) Economic e. g. Rusa, Moya, and Panni,
(b)—Fodder.
- V. Honey and wax.
- VI. Fruits, Mangoes, Jaman, (Eugenia jambos,) Tamarind, Tendoo,
Dates, Figs etc.
- VII. Minor products:— e. g. Kattha manufactured out of Cutch tree,
Lac, Gums, Mahwa flowers, fruit of Achar trees, Tanning
materials and building stones.

Fodder grass collected in Sironj, Pirawa, Aligarh and Chhabra Parganas was sold while that collected in Nimbahera was kept in the Reserve stock.

The total receipts during the year under report was Rs 34,015/13/- against the budgetted estimate of Rs 33,526/- showing an increase of Rs 479/13/-. This shows that there has been a steady and proportionate increase in the collections which speaks highly of the practicable supervision of the Home Member. The total amount of expenditure during the year under report was Rs 17,291/12/9 which is Rs 732/3/3 less than the Budget estimates. Deducting this amount from the total receipts it would appear that there was a net income of Rs. 16,724/0/3 which was credited into Treasury.

Sale of timber and firewood was carried out in Sironj, Nimbahera, Pirawa and Aligarh Parganas as in past year.

Fortunately there was no damage from natural causes such as rainfall, frost etc.

Reproduction from fellings was good, but no data of the rate of growth of several species were kept. In certain cases some of the areas were burnt by fire.

The nurseries started during the past years have been kept up. Broadcast sowings of Babul seeds were made in several areas.

The exploitation of minor produce such as lac and gums etc. shows improvement as compared with the last years figures.

Strict supervision was made to protect forest from fire. Nature of the climate, prejudice of villagers and ignorance of the subordinate staff are the chief impediments to establish systematic fire conservancy.

The State has its own code to treat forest offences. The total number of offences reported during the year was 444 most of which were offences of illicit felling of timber and illicit grazing.

The number of the protective staff of the Forest Department remained practically the same as in last year.

The working of the Department was on the whole very satisfactory. His Highness was much pleased with the work of Babu Hira Nand and Gridawar Mohd. Hassan Khan.

Court of Wards

(33.) In addition to the 35 estates 7 more were brought under the management of the Court of Wards during the year under report. Of these 10 were released leaving a balance of 32 with a debt of Rs. 2,79,610/1/11 on them. The total amount of debt paid off during the year was 39,065/9/. which includes the remission of Rs. 2,535/9/. secured by conciliation of creditors.

The management of the Court of Wards was satisfactory.

Trade and Manufacture.

(34.) Private factories and mills which were opened in the last years continued to work satisfactorily.

In addition to these a Cotton ginning Factory, an Ice factory and a Flour mill were also opened during the year.

A Cotton ginning factory was opened in Pirawa at the end of the year under report.

White numdas of superior quality are manufactured in Tonk and imported to outside markets.

Public Works.

(35.) The original Budget estimates for the year were Rs 44,536/ while the total expenditure amounted to Rs 1,60,365/. The Durbar were pleased to sanction the excess by reappropriation from other heads of the State Budget.

The chief items of expenditure were as follows:—

Buildings:—

Original and repairs	Rs
					1,33,821

Roads:—

Original and repairs	Rs
Gardening	14,553
Irrigation	3,874
Establishment	2,163
					5,954

Total Rs ... 1,60,365

The following buildings were constructed during the year:—

1. Building for the ginning and Ice Factories.
2. Bungalow at Pucca Banda.
3. Six stands for Motar Cars.
4. Machhi Bhawan palace extensions.
5. Farrash Khana.
6. A Hospital at Sironj

7. Dak Bungalow at Sironj.

The percentage of the establishment charges to the outlay on works worked out to 7.12 which is economic.

Baboo Ram Chandr continued in charge of the Department.

CHAPTER V.

Revenue and Finance.

(36) The Financial year of the State commences on the 1st November and ends on the 31st October and the figures shown in this chapter relate to that period.

The total receipts during the year under report were Rs 19,19,933/- against Rs 19,66,027/- of the previous year. The receipts from the ordinary items of revenue exhibit therefore a decrease of Rs 46,064/- over the actuals of the preceding year.

The chief variations in the receipts as compared with the last year were as under:—

Items.	Revenue for 1319 Fasli.	Revenue for 1320 Fasli.	Decrease.
Arrears of Land Revenue ...	1,05,403	51,452	53,951
Land Revenue	10,10,026	10,03,036	6,990
Court Stamp... ..	27,164	26,778	386
Miscellaneous	4,20,368	4,10,816	9,552
Total ...	15,62,961	14,92,082	70,879

Items.	1319 Fasli.	1320 Fasli.	Increase.
Forest	26,198	33,803	7,605
Customs	3,56,885	3,72,569	15,684
Law and Justice	8,960	9,418	458
Miscellaneous	11,022	12,091	1,068
Total	4,03,066	4,27,881	24,815

After deducting Rs 24,815/ on account of increase of revenue from the amount of decrease given above the net decrease comes to Rs 46,064/.

The decrease was chiefly due to remissions of the arrears of revenue having been sanctioned by the Durbar.

The total expenditure during the year under report was Rs 16,35,787/ as compared with Rs 17,70,513/ of the last year showing a decrease of Rs 1,34,726/.

For a full detail of expenditure see Appendix XXII.

The working of the Department has been very satisfactory which reflects credit on Rai Bahadur Lala Moti Lal's supervision.

CHAPTER VI.

VITAL STATISTICS.

Dispensaries and Hospitals.

(37.) Doctor W. S. Desai L. R. C. P. of London continued in charge of the State Medical Department during the year under report.

The number of medical institutions maintained by the State is seven.

Of these five are in the Parganas and two at the Headquarters. General Hospital is directly under Dr. Desai while Walter Female Hospital is worked by Doctor Miss K. Reed L. R. C. P. and F. R. C. S.

Munshi Sarfraz Hussain Khan Sub. Asstt. Surgeon in the General Hospital at Tonk reverted to his substantive appointment under the Government and Baboo Lachman Parshad S. A. S. in the Chhabra dispensary was transferred to work in his place.

There was an increase of 33 outdoor and 2188 indoor patients during the year as compared with the figures of the last year.

67 Major and 608 Minor operations were performed during the year against 48 Major and 609 Minor of the last year. The Major operations include 16 operations of the cataract in the eye and this is the first time the Sadler Dispensary had so many cataract cases. Several other important operations were performed during the year.

Cholera broke out in Tonk in June, 1913, and its ravages continued till the beginning of August 1913. The total No. of cholera cases reported was 601 of which 498 proved fatal. The No. of cholera patients treated in the Sadler Hospital was 288.

The Sadler Dispensary was inspected by the Honorable the Agent to the Governor General in Rajputana during the year.

Two students were sent to the Indore Medical School during the year.

The stock of surgical instruments and medicines was sufficient.

Doctor Desai continued to work very satisfactorily. His popularity and his keen interest in his work is the chief cause of attraction of the people to the Hospital.

Walter Female Hospital Tonk.

(38.) Doctor Miss K. Reed L. R. C. P. etc. remained in charge of Walter Female Hospital as in previous year.

358 operations were performed during the year against 393 of the last year. Of these 32 were Major operations and 326 Minor against 42 Major and

351 Minor operations of the previous year.

One woman was sent for training in the Dai class at Ajmer during the year.

The working of the Walter Female Hospital has been very satisfactory and public in general speak very highly of Miss K. Reed.

General.

A new building for the Hospital is under construction in the Sironj Pargana which is expected to be completed by the next year.

Vaccination.

(39.) The total number of children vaccinated during the year was 5,238 against 5,194 of the last year. Of these 5,006 were successful.

The Medical Department has been under the careful supervision of Rai Bahadur Lala Moti Lal, Revenue and Financial Member of the State Council and his watchful eye and administering capabilities have been the sole cause of introducing reforms in this important branch.

CHAPTER VII.

Education.

(40.) Khan Bahadur Mir Saiyad Hasain B. A. Judicial Member of the State Council continued to be in charge of the Education Department throughout the year. It is due to his taking special interests in educational matters that a greater degree of keenness and persistence both in work and games has been evident in this branch throughout the year.

The State maintains in Tonk one High School (with three branches) which teaches upto the Matriculation Standard of the Allahabad University,

two Arabic Schools of Theology, three Girl Schools and several other Schools of primary education to which pecuniary assistance is given by the State. Besides these there are also five District Schools one each at the headquarters of the five outlying Parganas.

During the year under report the No. of students rose from 1,111 to 1,216 and the average daily attendance was 887.411 against 752.737 of the last year.

The Sudder High School sent up 5 students for the Matriculation Examination of the Allahabad University of whom 4 were successful. In the Rujputan Middle School Examination also the School did remarkably well as out of 5 boys sent up 4 came out successful. The credit for these results is largely due to the efforts of the teaching staff. The Judicial Member remarks that interest in education is steadily growing among the Members of the ruling family as well as in public.

There seemed to be a good spirit of order and discipline which is creditable to the Headmaster and every prospect of further improvement is anticipated.

Physical education was also well attended to during the year under report.

The total expenditure on education given by the State was Re 12,122/4/9 against the budgetted estimate of Re 13,541/.

CHAPTER VIII.

MISCELLANEOUS.

State Printing Press.

(41.) Sahibzada Mohamad Abdul Hameed Khan continued in charge of the State Printing Press as in last.

There was no material change in the establishment of the State Press. The Press was busy in printing State papers and Office forms throughout.

The working of the Press has been satisfactory during the year under report.

The Private Printing Press during the year under report made considerable progress. Its machinery and staff increased greatly so as to meet the urgent requirements of the locality. The Press was busy throughout the year with the work of the Settlement Office of the State.

The work turned out was both good and cheap. All this is due to the good management of the Proprietor who is a man of great energy.

Treasure Trove.

(42.) No. treasure trove was found out during the year under report.

Snake bites.

(43.) There were no casualties due to Snake bites during the year.

APPENDIX A.

Annual Settlement Report of the Tonk State for
the year ending 31st. October 1913.

During the year under report Settlement operations were in progress in all the six Parganas of the State.

In the four outlying Parganas of Sironj, Pirawa, Chhabra and Nimbahera the work to be done comprised the whole range of ordinary Settlement work, attestation of records (including case work) soil classification, inspection, tartib, and assessment. In Aligarh the attestation and much of the case work had been completed last year and the rest of the work had been postponed for the present year. In Tonk all the records and statistics had been compiled in the previous year and only the completion of attestation files and the assessment of the Pargana remained to be done in the year under report.

The Parganas were divided into three inspection charges, and the following Officers held charge of them.

Pandit Vithal Rao,	}	Chhabra and Nimbahera
Assistant Settlement Officer.		
Maulvi Abdul Ghaffar	}	Sironj
Inspecting Officer.		
Sahibzada Hamid Ali Khan	}	Pirawa and Aligarh
Inspecting Officer.		

In order to get the attestation work finished rapidly, the following Attestation Officers were appointed for each of the Parganas to work under the instructions and orders of the Inspecting Officers:—

Tonk.	Sahibzada Amir Ahmad Khan.
	Sah. AbdulMajid Khan.
Chhabra.	Sah. Yusuf Ali Khan vice Sah. Habib Nur Khan resigned.
	Jiwan Lal.
Nimbahera.	Gaya Parshad.

Mansur Ali.

Sironj.

Lala Partab Chand.

Sah. Mohammad Khan.

Sah. Ahmad Nur Khan.

Jagmohan Lal.

Pirawa.

Sah. Abdul Basit Khan.

In Aligarh the Inspecting Officer was able to dispose of such attestation and case work as was out standing.

The Attestation work of Tonk Pargana had been finished last year but two officers had to be kept on to complete the case work and dispose of further files which were received late from the Revenue Department. Of the two attestation officers in Tonk, the services of Sah. Abdul Majid Khan were discontinued from January 1913 when he finished the cases allotted to him and Sah. Amir Ahmad Khan who had a big charge continued to work through the year.

In Chhabra Sah. Habib Nur Khan who had been trained in Bagri Tahsil for the work was appointed Attesting Officer but he soon after resigned on the ground of ill health and was replaced by Sah. Yusuf Ali Khan, who worked as Attestation officer from November to the middle of May and was brought under reduction after the field work was finished.

Jiwan Lal, Gaya Parshad and Mansur Ali finished the attestation work of their charges in time and when they joined the Sadar Office in May they were given the incomplete cases of the Tonk Pargana. Gaya Parshad was in addition to this work, put in charge of the Land Records work of Tonk from 15th June to get the records of 1320 Fasli prepared according to the revised instructions.

In Sironj Sah. Ahmad Nur Khan and Sah. Mohammad Khan, did attestation work till the middle of February 1913 when they were succeeded by Abid Ali and Shamsuddin Munsarim Inspectors who completed the work. Jagmohan Lal Attestation Officer left before the end of the year and his work was

finished by Lala Partab Chand who had already finished his own charge.

In Pirawa, Sah. Abdul Basit Khan's health broke down in January and immediate substitutes had to be found from the working staff of the Pargana.

These unforeseen changes at the time when the work was in full swing caused much anxiety and delay and it was owing to the resourcefulness of the Inspecting Officers that the work was finished within the year.

Attestation Procedure.

The Patwaris having prepared the Khasra of each of the villages of their circles, the Attesting Munsarims verified each entry on the spot, checked the map correction and prepared the Parcha Khataunis and other statistics. They compared the riayati and muafi areas with the previous settlement records and filled in the statements of riayatdars and muafidars. The Attesting Officer then attested the parcha khatauni slips after explaining the entries to each tenant, decided all disputes of possession, rights, and rentals, and also relinquishment applications and enquired into the mutation, riayati and muafi cases.

Case Work.

A great number of riayati and muafi cases were pending for enquiry in the Revenue Department since the Revision Settlement and many new cases were instituted during the course of attestation. The total number of such cases and their disposal by the attestation officers in the four outlying Parganas were as follows:—

Pargana.	Cases received from the Revenue Department	Other Cases	Total.	Cases decided by the Tasdiq Officers and filed in the Record room	Cases sent to I- Os. for superior sanction
Chhabra ...	2,295	644	2,939	1,661	1,278
Nimbahera ...	2,893	1,328	4,221	2,969	1,252
Sironj ...	3,806	2,047	5,853	3,288	2,565
Pirawa ...	3,497	1,023	2,905	2,905	1,615
Total ...	12,491	5,042	17,533	10,823	3,710

Procedure of Soil classification work

The soils of each Pargana were determined after examination on the spot by the Settlement Officer accompanied by the Inspecting Officers. Special munsarims were trained for soil classification and worked under the direct supervision of the Inspecting Officers, who went through each village, checked the soils shown by the munsarims until satisfied of the correctness of the classification and then wrote the village inspection note in their respective charges.

The number of villages attested, soil classed and inspected stands as follows:—

Pargana.	Villages attested	Villages soil classed	Villages inspected	
Chhabra	189	189	189	
Nimbahera	169	169	169	
Pirawa	134	134	134	
Aligarh	86	86	
Sironj	484	484	484	
Total	976	1,062	1,062	

Tartib work.

After the village records had been attested, and the soils classed, the records were sent to Sadar Office for compilation of the statistics required for assessment purposes. At the request of the Revenue Department it was arranged that $\frac{1}{3}$ rd of the Patwaris should remain in each Pargana to prepare the papers required by the Nazims for collection purposes and routine revenue work.

The rest of the patwaris were brought to Tonk. These and the office staff finished the tartib work of 1014 out of 1062 villages by the close of the year. The checking staff remained much below strength as competent hands with past experience could not be readily found. The Settlement work going on in several British Districts and elsewhere attracts men of this stamp and they do not appear to be very eager to come to Rajputana. This difficulty interrupted the checking work by the close of the year records and statistics of only 466 out of 1014 villages were checked and assessment statistics for 439 villages only were prepared. The cholera epidemic which lasted for about two months also checked progress considerably but very fortunately the office had been previously moved to some distance outside the town and the Darbar too took the promptest measures to stop the patwaris who tried to run away. One copy of the attested traces was made for all the 1062 villages and issued to patwaris for use in writing the khasras of 1321 Fasli. The Sadar and Nizamat copies of traces are now being made out.

Assessment work.

The rent rate reports for the Sadar and Bagri Tahsil of the Tonk Pargana were prepared in the early part of the year and were accepted by the Darbar subject to slight modifications. The village rates were then applied and the new rents have been calculated and Pattas prepared for all cash rented khalsa villages. The Assessment statistics for Aligarh, Chhabra and Nimbahera Parganas were finished and the circle rates have since been determined. The rent rate reports prepared in brief are now before the Darbar.

Disposal of Riayati and Muafi cases.

The Attesting Officers were empowered to enquire into and report on all riayati and muafi claims. They were then to send their reports to the Inspecting Officers, whose duty it is to examine the files, see that they are complete and in order and submit them with their recommendations to the Settlement Officer. The progress of this work is as follows :—

Pargana	Total number of Riayati and muafi cases received by the I.Os.	Total number of cases submitted to the S. Officer with recommendation	Balance with Inspecting Officers	
Tonk	2,471	1,144	1,327	
Aligarh	744	684	60	
Chhabra	1,278	221	1,057	
Nimlahera	1,252	1,252	
Pirawa	1,615	1,615	
Sironj	2,565	793	1,772	
Total	9,925	2,842	7,083	

Survey class.

A survey class was opened in Tonk from 1st. July to train Patwari candidates. 25 attended. Classes will have to be opened later in the outlying Parganas as candidates will not come from such long distances to attend classes in Tonk.

New Patwari Rules.

Attention has been drawn elsewhere to the state of Patwari records which were found to be confuse, unreliable and defective. The causes were undoubtedly a badly paid staff and a lack of definiteness in the rules both for the preparation and supervision of the records. To remedy the former a scheme has been proposed for improving the prospects of Patwaris and attracting a better class of man. It is now being considered by the Durbar. To meet the want of more definite rules a new Manual of Patwari Rules has been drawn up on the model of the rules followed in the United Provinces and in several of the more advanced Native States in Rajputana and Central India. In Tonk Pargana, the Patwari records of the year under report were prepared according to the new rules and it appears that the Patwaris understand them

better than those they have been working with for more than a decade.

Rules prescribing the duties of Girdawar Kanungos have also been framed and will be brought into operation next year.

Touring.

The Settlement Officer made a tour of all the 5 outlying Parganas of the State and, omitting Jagir and Munzabta villages, inspected 79 per cent of the Khalsa villages in Aligarh, 38 per cent in Chhabra, 49 per cent in Pirawa and 47 per cent in Nimbahera. Sironj was not completely inspected, the Western Tahsil remaining over till this year. The greatest credit is due to the Inspecting Officer for the willing energy with which they carried out in the face of many difficulties the work of their charges.

Expenditure.

The total expenditure of the year on Settlement amounts to Rs.1,11,375/- against the budget allotment of Rs.1,74,000/-. The difference of Rs.62,625/- includes a sum of Rs.11,217/- which had been set apart to make payments of bills which had been received but for which the cheques had not been cashed by the close of the year. Omitting this, the real saving amounts to Rs.51,408/- chiefly due to the fact that (1) the full Checking staff could not be recruited (2) full budget pay was not given to Attestation Officers and others (3) no printing work was done and (4) there was no need to call on the emergency allotment of Rs.5,000/- set aside for job work.

M. KEANE

Settlement Officer

Tonk and Sirohi States.
